

# convert more leads into admits

Designed specifically for **treatment centers** to accelerate admissions, increase productivity, protect revenue, check claim status and most importantly, improve client response.

We help **600+** treatment facilities save thousands, nationwide.

**verify**treatment™

# imagine for a moment

You or a loved one called one of thousands of treatment centers and were told it will take an hour (or day) to verify your health benefits.

Would you call somewhere else? Change your mind?

## using verifytx

“ I just checked your benefits, everything looks good to me. Let's start your screening! ”

[Continue with the admissions process]

## without verifytx

“ I'll send this over to our insurance verifier, then I'll call you back. ”

[Hangs up phone with prospect]

**verify**treatment™

# 3 ways to empower your admissions staff to admit every qualified prospect.

Admit more qualified clients faster and easier

Protecting your billable census from policy lapse.

Accurately calculate EIV before admission

Verify insurance benefits 24 hours a day – from our web, mobile and Salesforce app

Centers lose millions of dollars annually due to policies terming

Verify total collected, billed, and outstanding for any claim in seconds

Single sign-on access to 625+ insurance companies.

Mass import records for seamless integration and bulk auto-reverification

Accurate admissions decisions increase higher reimbursement

## help a family in need

When it comes to saving someone's life - 10 minutes of your time is the best investment.
